ITALIAN SUBJECTS ARE CALLED TO ARMS

Vice-Consul at Clinton Gets Notice to Summon Men to Fight for Fatherland.

CLINTON, Ind., June 3.—Dr. A. Salazar, vice consul of the Italian government for the state of Indiana, whose residence is in Clinton, has received legal notice summoning all Italian subjects, 20 to 35 years old, to report for duty in Italy. Before going to Italy they will have to report to the consul here, or may go to Chicago or Cincinnati for that purpose, where examinations for their fitness will be made. If they are pronounced physically unfit they will be excused. If in good condition they must go to Italy, that government paying all expenses of the examination, the expense of reporting to the vice consul, medical examination, ocean passage and the expense back to America when they return.

Dr. Salazar says about 200 of the Italians in Clinton, of which there are between three and four thousand in the vicinity of Clinton, have applied for permission to go back to their native country. He thinks the free trip will appeal to many of them in addition to having the opportunity to fight for Italy.

The Italian government holds the Italian, though naturalized, always a subject to a call for war. A failure to respond to the call means imprisonment should the countryman go back after the war at any time.

GUARANTEE DIDN'T WORK

JEFFERSONVILLE, Ind., June 3.—Mike Wall, chief of police, dropped his 38-caliber revolver "guaranteed not to go off even if the hammer is hit" but the guaranty did not hold. The bullet broke two rails of a chair, penetrated the door of a cabinet and imbedded itself in the stock of a shotgun. Four persons, including Sergt. Summers and a reporter, were in the office, which measures 10 by six feet, but none was hit.

THREATENS "GANG"

Insane Princeton Man Tries to Clean Out Court House.

WARSAW, Ind., June 3.—Armed with a 39-caliber revolver, Frank Humphreys of Princeton came to Warsaw yesterday afternoon to carry out his threat "to clean out the court-house gang." He walked into the clerk's office and made unreasonable demands of C. D. Lonsenecker, the clerk, and was in the act of drawing his gun to carry out his threat when he was attacked by Sheriff Jacob Huffer and his deputies. He was disarmed and taken to the county jail, where late in the evening he was declared insane by a commission.

Humphreys went insane on the subject of law. Several months ago he was arrested at the bar when he defended himself in a divorce action brought by his wife. He then opened a law office in Princeton and imagined himself a great constitutional lawyer and wrote many letters to the county officers charging them with violating the United States constitution and demanding that they resign immediately and leave the country. He also made threats against their lives. He wrote a series of letters to Gov. Ralston and so persistent was he in his charges against local authorities that the governor finally made inquiries regarding the condition of his mind. Recently when Judge P. E. Rowser sent him to jail for contempt of court because of failure to make payments for the support of his wife as ordered by the court, Humphreys threatened to kill the judge.

EARLY FROSTS DAMAGE EATON RAPIDS CROPS

Apples and Grapes Are Almost Wiped Out of Northern Part of State.

EATON RAPIDS, Mich., June 3.—After an examination of the orchards in this section T. A. Farrand, former president of the State Horticultural society, says the apple crop in this section of the state has suffered more injury as a result of the frosts than at first thought.

He says there were but few orchards frosted did not hit hard and the apple crop will be materially shortened in Eaton and adjoining counties. Grapes too are almost completely wiped out in this section, but peaches and the majority of the small fruits, Mr. Farrand says, have come through the frosty and unseasonable weather fairly well, although strawberries have been hit hard in some places.

REPLANT CORN AND CLOVER. CADILLAC, Mich., June 3.—Farmers in Westford, Osceola, Missaukee, Lake and Manistee are planting corn, clover and alfalfa seed the second time this spring. A majority of the crops were killed by May frosts.

Reports from the various townships in these counties show that nearly every kind of fruit that had started to form was frozen. Nearly every county in this part of the state suffered severely from the May cold spell. Farmers say the loss to grain and clover crops will not be so heavy as they will be replanted.

WILL START WAR ON CANADA THISTLES

Experiments to Discover New Method Will Be Conducted by Purdue University.

MARION, Ind., June 3.—F. J. Pipal, of the agricultural extension department of Purdue university, has begun in Grant county a series of experiments in exterminating Canada thistles, which later may be made the subject of a bulletin issued by the university. The experimental work is being done on the farm of Frank Bruckemiller in Franklin township. Because of the advance in the price of crude carbolic acid, formerly made use of in war against the Canada thistle, it is regarded best to develop cheaper methods of destroying this pest. Salt and orchard oil are being used in the experiments here, and the field treated has been divided and the three parts for different experimental purposes.

It is not expected that one treatment will destroy the thistles but the spraying process will be repeated until the thistles are dead. The fact that several farmers from different townships of the county attended the demonstration yesterday, gave evidence of a wide interest in the matter. The seed of the thistles is believed to have come in imported grass seeds. While the thistle does not produce seed in this latitude the plants multiply rapidly through the roots.

MISSSES DOG; HITS GIRL

Farmer Throws Club Which Seriously Injures Child.

EVANSVILLE, Ind., June 3.—The three-year-old daughter of J. M. Rowland, living at 219 St. Joseph av., here, is in a critical condition as the result of a peculiar accident. The little girl was playing in the front yard when her pet dog ran out and barked at a farmer who drove past. The farmer jumped from his buggy and, picking up a club, hurled it at the dog. The club missed the dog and hit the child in the abdomen, injuring her internal organs. Physicians say she probably will die.

WHISKEY IS EXPENSIVE

Quart Sold to Minors Brings Fines Amounting to \$126.

SULLIVAN, Ind., June 3.—A quart of whiskey, which Bert Manwaring, a bartender at Shelburne saloon, sold to two minors was rather expensive. The total amount that passed hands as a result of the sale was \$126. The two boys, 14 and 17 years old, were arrested and fined \$25 each for intoxication and carrying concealed weapons. In pleading guilty the boys told Squire John T. Watson that they purchased the whiskey at Manwaring, which resulted in their arrest as well as that of Ben Eldridge, owner of the saloon. Both pleaded guilty before Justice Watson and were fined \$20 and costs.

DEATH OF TWO CAUSES PROBE IN DELTA FIRE

Presence of Woman and Two Shots Elements in Mystery at Escanaba.

ESCANABA, Mich., June 3.—Delta county officials fear foul play in the death of two men, James Broady and Lucius Mercer, who lost their lives in a fire that destroyed the house, mill, dock, and a large owner by Dan Seavey, at Garden, across the bay.

Two shots are alleged to have been fired. A woman is alleged also to have been in the house at the time of the fire, and is being sought. She is said to have disappeared after having been thrown from a window. The body of Mercer was found in the waters of the bay, and that of Broady, charred and bruised, with the limbs and arms burned off, was removed from the ruins of the house. A brawl on the eve of Memorial day is blamed for the tragedy.

Seavey was seriously injured, and is now in an Escanaba hospital.

ENDS COUNTY SEAT FIGHT

Appraisers Fix Value of Rockport Courthouse at \$55,770.

ROCKPORT, Ind., June 3.—Appraisers appointed by Gov. Ralston have filed a report in which they estimate the value of the court house at Rockport at \$55,770. This report will end the fight which has been carried on for the removal of the county seat to Chrysler, which is in the central part of Spencer county.

Under the law, the appraisement of the court house must have been less than \$20,000 in order that a county election could be called to move the county seat. The appraisers were W. H. Voth, state treasurer, and B. F. Adams of Bloomington.
